

The Systems Audit Checklist

15 quick checks to find where your business is leaking time, money, and leads.

WEBSITE & ONLINE PRESENCE

- ☐ Your website clearly says what you do within 5 seconds.
- ☐ It loads fast on mobile and turns visitors into enquiries.
- ☐ You own the domain, hosting, and all accounts.

TOOLS & SYSTEMS

- ☐ Your website, CRM, and invoicing share data automatically.
- ☐ You're not re-keying the same information between apps.
- ☐ You're not paying for software your team doesn't use.

LEADS & FOLLOW-UP

- ☐ Every enquiry (web, WhatsApp, social) lands in one place.
- ☐ Follow-ups happen automatically, not just when someone remembers.
- ☐ You can see your whole sales pipeline at a glance.

DATA & OWNERSHIP

- ☐ Your customer data lives in one source of truth.
- ☐ You can export everything and you control all access.
- ☐ Reporting takes clicks, not hours of copy-paste.

AUTOMATION & AI

- ☐ Repetitive admin is automated where it safely can be.
- ☐ You know which tasks are worth automating and which aren't.
- ☐ Your systems scale with growth instead of breaking under it.
